SMART ASS

## VANDUTCH 40 - SMART ASS

Simple, pure and elegant. It is in the lack of accessories that the Vandutch boat differs most from its American competitors. European designers have long understood that in many cases, less is more, thinks Coco Chanel and Mies Van Der Rohe.

Vandutch 40's lines are extremely clean, say everything and reveal nothing. An almost vertical line rises like a blade from the water to its apex, where the upper parts sweep quickly with perfect symmetry towards an equally discreet stern.

The Vandutch 40 is exactly what it looks like. A chic, high-powered thrill machine designed to attract attention. Yet it has the look and performance of a supercar.

If you like to keep a low profile, this is definitely the perfect boat for you.
